As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, *Lemon-Aid* guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz - rich cars, poor quality. There's only one Saturn you should buy. Toyota - enough apologies: "when you mess up, 'fess up."

In 1931, Henry Ford famously announced that his company would produce an eight-cylinder car, if only because its competitors were building fours and sixes. The result, introduced in 1932, was Ford Motor Company's first V8-powered car. The "Deuce" was a design and technological milestone that would become the quintessential hot rod platform. Arriving just in time for the Deuce's 75th anniversary, this is the story of that '32 Ford. A complete authoritative and illustrated history published with the Ford Company's cooperation, this book looks at every facet of the Deuce's story: factors leading to its design, how it was manufactured and sold, the development of the now-legendary flathead engine, and motorsport exploits around the globe. And, of course, there are the hot rods: the 75 most influential '32-based hot rods as chosen by a who's who of the hot rod community. From the pacesetter Doane Spence roadster to Chili Catallo's Lil' Deuce Coupe, the American Graffiti coupe, and the cars of such hot rodding legends as Gray Baskerville, Ray Brown, Boyd Coddington, the Jackman Brothers, Ak Miller, and Veda Orr--each of the 75 vehicles gets its own two-page spread, with rare and famous photographs and detailed descriptions of the car's builder, owner, history, mechanics, and design. This spectacular book, for vintage-car enthusiasts and hot rodders alike, also includes a foreword by Edsel B. Ford II, grandson of the Deuce's principle stylist.
