From Snuff: 'Vimes' prompt arrival got a nod of approval from Sybil, who gingerly handed him a new book to read to Young Sam. Vimes looked at the cover. The title was *The World of Poo*. When his wife was out of eyeshot he carefully leafed through it. Well, okay, you had to accept that the world had moved on and these days fairy stories were probably not going to be about twinkly little things with wings. As he turned page after page, it dawned on him that whoever had written this book, they certainly knew what would make kids like Young Sam laugh until they were nearly sick. The bit about sailing down the river almost made him smile. But interspersed with the scatology was actually quite interesting stuff about septic tanks and dunnakin divers and gongfermors and how dog muck helped make the very best leather, and other things that you never thought you would need to know, but once heard somehow lodged in your mind.'

The final collection of short stories from the incredible Sir Terry Pratchett! Imagination is an amazing thing. It can take you to the top of the highest mountain, or down to the bottom of the deepest depths of the sea. This where it took Doggins on his Awfully Big Adventure: a quest full of magic and flying machines. (And the world's best joke - trust me, it's hilarious.) It took three young inventors to the moon (where they may or may not have left a bottle of lemonade) and a caveman on a trip to the dentist. You can join them on these adventures, and many more, in this incredible collection of stories . . . From the greatest imagination there ever was. Written for local newspapers when Terry Pratchett was a young lad, these never previously published stories are packed full of anarchic humour and wonderful wit. A must-have for Terry fans . . . and young readers looking for a fix of magic.

This collection includes all four Tiffany Aching novels in Terry Pratchett's beloved and bestselling Discworld series. *The Wee Free Men*: Armed with only a frying pan and her common sense, young witch-to-be Tiffany Aching must defend her home against the monsters of Fairyland. Luckily she has some very unusual help: the local Nac Mac Feegle—aka the Wee Free Men—a clan of fierce, sheep-stealing, sword-wielding, six-inch-high blue men. Together they must face headless horsemen, ferocious grimhounds, terrifying dreams come true, and ultimately the sinister Queen of the Elves herself. . . . *A Hat Full of Sky*: Tiffany Aching is ready to begin her apprenticeship in magic. She expects spells and magic—not chores and ill-tempered nanny goats! Surely there must be more to witchcraft than this! What Tiffany doesn't know is that an insidious, disembodied creature is pursuing her. In the end, it will take all of Tiffany's inner strength to save herself ... if it can be done at all. *Wintersmith*: When the Spirit of Winter takes a fancy to Tiffany Aching, he wants her to stay in his gleaming, frozen world. Forever. It will take the young witch's skill and cunning, as well as help from the legendary Granny Weatherwax and the irrepressible Wee Free Men, to survive until Spring. Because if Tiffany doesn't make it to Spring—Spring won't come. *I Shall Wear Midnight*: As the witch of the Chalk, Tiffany Aching performs the distinctly unglamorous work of caring for the needy. But

someone—or something—is inciting fear, generating dark thoughts and angry murmurs against witches. Tiffany must find the source of unrest and defeat the evil at its root. Aided by the tiny-but-tough Wee Free Men, Tiffany faces a dire challenge, for if she falls, the whole Chalk falls with her. . . .

Not only an artistic and breathtaking view of Lancre but also an interesting and informative guide to one of the Discworld's more, er, picturesque kingdoms. Granny Weatherwax, Nanny Ogg and Magrat Garlick live there. Lancre could hardly be somewhere ordinary, could it? Magic glues the Discworld together and a lot of it ends up in Lancre, principal Kingdom of the Ramtop Mountains. Between Uberwald and Whale Bay, the Octarine Grass Country and the Windersins Ocean lies the most exciting and dangerous terrain in all Discworld. The Ramtops supply Discworld with most of its witches and wizards. The leaves on the trees move even when there is no breeze. Rocks go for a stroll in the evening. Even the land, at times, seems alive. The mapp may be only two-dimensional, but watch it very carefully and you might just see it jostle about a bit.

'Utterly charming and uplifting' The Good Book Guide Voted Britain's favourite poem, 'Warning', written in 1961, is known and loved the world over for its message of old age as a time for indulgence and fun. In the poem's respectable middle-aged woman, as she imagines herself in old age as a cheeky rebel with outrageous clothes and dotty behaviour, poet Jenny Joseph has created a character whose thoughts have been quoted at conferences and funerals, used to cheer up sick friends and remembered with pleasure by children and adults alike around the world. Here, 'Warning' appears as a beautiful updated edition with new illustrations; the perfect gift for a friend or relative who wants to grow

older free from expectations, with a joyful and rebellious spirit. Japanese edition of A Hat Full of Sky by Terry Pratchett. In Japanese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.
