A Sacred Island. Iron Age, Roman and Saxon Temples and Ritual on Hayling Island. Excavation and fieldwork by the Hayling Island Excavation Project at Northney Farm, Hayling Island, just off the SE coast of Hampshire, UK, ran for 6 years from 1976.

### **A Sacred Island. Iron Age, Roman and Saxon Temples and ...**

Little tangible evidence remains that predates Christianity, except for an Iron Age fort on Dun Bhuirg, used between 200 BC and 200 AD. The island is void of megaliths. But this rather pristine condition

may actually be a tell-tale clue that the island was considered to be sacred.

The Iron Age is the final epoch of the three-age division of the prehistory and protohistory of humanity. It was preceded by the Stone Age ( Paleolithic, Mesolithic, Neolithic, and Chalcolithic) and the Bronze Age. The concept has been mostly applied to Europe and the Ancient Near East, and, by analogy,...

Less – and perhaps too little – attention has been paid to that part of Anglesey that is actually not part of the island, but is a separate island: Holy Island. The name is very intriguing, as it suggests that the island was sacred – and in fact its sacredness seems to have been its main characteristic, as the name has survived throughout the ages.

The Britons, also known as Celtic Britons or Ancient Britons, were Celtic people who inhabited Great Britain from at least the British Iron Age into the Middle Ages, at which point their culture and language diverged into the modern Welsh, Cornish and Bretons. They spoke the Common Brittonic language, the ancestor to the modern Brittonic languages. The traditional view that the Celtic Britons originally migrated from the continent, mostly across the English Channel, with their languages, culture
