The Great Fire of 1871 was one of most colossal disasters in American history. Overnight, the flourishing city of Chicago was transformed into a smoldering wasteland. The damage was so profound that few people believed the city could ever rise again. By weaving personal accounts of actual survivors together with the carefully researched history of Chicago and the disaster, Jim Murphy constructs a riveting narrative that recreates the event with drama and immediacy. And finally, he reveals how, even in a time of deepest despair, the human spirit triumphed, as the people of Chicago found the courage and strength to build their city once again.

This volume offers a series of actual dilemmas within language classrooms that are designed to promote reflection and discussion. It applies the case-based pedagogy often used in business and other fields to that of second language teacher education to encourage pre- and in-service teachers to grapple with the types of dilemmas and decisions teachers confront every day. Case-based pedagogy resists simple resolutions and easy answers; the activities that precede and follow each case are designed to stimulate analysis and discussion and allow users to draw on theoretical foundations while making critical practical connections. The cases represent a range of classroom contexts: K-12 ESL/sheltered English immersion, modern foreign language, and post-secondary EAP; private, charter, and public schools; and urban and suburban settings. The book is ideally suited to College/School of Education and MA TESOL courses but will also be useful in professional development workshops for all types of language teachers.

Journal of a Jewish teenager describes the joys and torments of daily life and typical adolescent thoughts throughout two years spent in hiding with her family during the Nazi occupation of Holland. Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

New evidence this year corroborates the rise in world hunger observed in this report last year, sending a warning that more action is needed if we aspire to end world hunger and malnutrition in all its forms by 2030. Updated estimates show the number of people who suffer from hunger has been growing over the past three years, returning to prevailing levels from almost a decade ago. Although progress continues to be made in reducing child stunting, over 22 percent of children under five years of age are still affected. Other forms of malnutrition are also growing: adult obesity continues to increase in countries irrespective of their income levels, and many countries are coping with multiple forms of malnutrition at the same time - overweight and obesity, as well as anaemia in women, and child stunting and wasting. The compelling diary of a young girl on the brink of maturity as her life draws to toward its tragic end -- one of the most moving and vivid documents of the Jewish experience.

That evening I took my usual walk in Washington Park, pondering over the occurrences of the day. I was thoroughly committed. There was no back out now, and I stared the future straight in the face. I was not good, not even scrupulous, but I had no idea of deceiving either myself or Tessie. The one passion of my life lay buried in the sunlit forests of Brittany. Was it buried forever? Hope cried "No!" For three years I had been listening to the voice of Hope, and for three years I had waited for a foot-step on my threshold. Had Sylvia forgotten? "No!" cried Hope. I said that I was not good. That is true, but still I was not exactly a comic opera villain. I had led an easy-going reckless life, taking what invited me of pleasure, deploring and sometimes bitterly regretting consequences. In one thing alone, except my painting, was I serious, and that was something which lay hidden if not lost in the Breton forests. It was too late now for me to regret what had occurred during the day. Whatever it had been, pity, a sudden tenderness for sorrow, or the more brutal instinct of gratified vanity, it was all the same now, and unless I wished to bruise an innocent heart my path lay marked before me. The fire and strength, the depth of passion of a love which I had never even suspected, with all my imagined experience in the world, left me no alternative but to respond or send her away. Whether because I am so cowardly about giving pain to others, or whether it was that I have little of the gloomy Puritan in me, I do not know, but I shrank from disclaiming responsibility for that thoughtless kiss, and in fact had no time to do so before the gates of her heart opened and the flood poured forth. Others who habitually do their duty and find a sullen satisfaction in making themselves and everybody else unhappy, might have withstood it. I did not. I dared not. After the storm had abated I did tell her that she might better have loved Ed Burke and worn a plain gold ring, but she would not

hear of it, and I thought perhaps that as long as she had decided to love somebody she could not marry, it had better be me. I, at least, could treat her with an intelligent affection, and whenever she became tired of her infatuation she could go none the worse for it. For I was decided on that point although I knew how hard it would be. I remembered the usual termination of Platonic liaisons and thought how disgusted I had been whenever I heard of one. I knew I was undertaking a great deal for so unscrupulous a man as I was, and I dreaded the future, but never for one moment did I doubt that she was safe with me. Had it been anybody but Tessie I should not have bothered my head about scruples. For it did not occur to me to sacrifice Tessie as I would have sacrificed a woman of the world. I looked the future squarely in the face and saw the several probable endings to the affair. She would either tire of the whole thing, or become so unhappy that I should have either to marry her or go away. If I married her we would be unhappy. I with a wife unsuited to me, and she with a husband unsuitable for any woman. For my past life could scarcely entitle me to marry. If I went away she might either fall ill, recover, and marry some Eddie Burke, or she might recklessly or deliberately go and do something foolish. On the other hand if she tired of me, then her whole life would be before her with beautiful vistas of Eddie Burkes and marriage rings and twins and Harlem flats and Heaven knows what. As I strolled along through the trees by the Washington Arch, I decided that she should find a substantial friend in me anyway and the future could take care of itself. Then I went into the house and put on my evening dress for the little faintly perfumed note on my dresser said, "Have a cab at the stage door at eleven," and the note was signed "Edith Carmichael, Metropolitan Theater, June 19th, 189—."

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Frank follows the motto, "Honesty is the best policy." He tells the truth, the whole truth, and nothing but the truth. Frank never lies to his schoolmates, he always tells the truth to adults, and he's always honest with police officers. The balancing act of finding tact, that fine line between telling the truth and telling too much truth, is the main theme of this story, and it's very funny—although not necessarily to his friend Dotti whose freckles remind Frank of the Big Dipper, or to the teacher who hears that her breath smells like onions, or to the principal who is told that his toupee looks like a weasel. No one is quite as impressed with Frank's honesty as he thinks they should be. He is sweet and straightforward, and, well, very frank, but with everyone annoyed at him, Frank is now honestly unhappy. He decides to visit his confidante and pal, Grandpa Ernest, who has a history of frankness himself. With a few lessons from Grandpa, Frank begins to understand that the truth is important, but so is not being hurtful. With amusing characters and expressive artwork, this story tells the powerful message of finding the good in everything—a lesson that sends compassion and understanding to take the place of rudeness in the complex concept of truth.

"In these tales the reader can observe Anne's writing prowess grow from that of a young girl's into the observations of a perceptive, edgy, witty and compassionate woman"--Jacket flaps.
