## GEMMA SOSA

The most authoritative text for American Government, *Government by the People* is always one step ahead. Building on a long tradition of clear and accessible writing, sound scholarship, and currency, it has become the most reliable, responsive, and respected text for today's American government course. Its distinguished author team addresses your needs and the needs of your students in every edition—with the most innovative response to teaching trends, as well as trends in the discipline. With this text's essential foundation, students will be set to respond—as involved American citizens—to the political issues facing their country, and their world, in the twenty-first century.

Responding to the need for a more meaningful study of American government, Prentice Hall proudly presents this new Teaching and Learning Classroom (T.L.C.) Edition. Building on a long tradition of clear and accessible writing, sound scholarship, and currency set forth in the authors' comprehensive *Government by the People* text, this T.L.C. Edition offers the most visually appealing presentation of politics students will use—in the classroom, in society, and in life. This text is designed around the premise that students will read—get involved—and participate in politics so personal, it's as passionate as it is powerful.

This title is for students taking an introduction to American Government or Introduction to American Politics courses.

For undergraduate courses in American Government. This comprehensive text covers Foreign and National Security, Economic Policy, Public Policy and California Politics. This VALUE EDITION is economical as it comes in a three-hole punched, loose leaf (paperback) version. This is the book that gets students to participate. Living Democracy gets students to participate in learning, in the classroom, and in change. The book's young and energetic author team cares deeply about student learning and student engagement. Lead author Dan Shea founded the Center for Political Participation and his experiences working with students in the classroom and in the center inspired him to team up with co-authors Joanne Connor Green (Texas Christian University) and Christopher E. Smith (Michigan State) to write an American Government text that truly inspires students and helps them experience the impact of government in their daily lives. Everything about the book—the writing, design, examples, photos, activities, and every page of the text—is designed to get students to participate in their class and in American politics. In a recent survey of American Government courses, 80% of instructors named student apathy—about the course material, about politics, about the prospect that government can do anything to enrich their lives—as the number one problem in their course. Written with the belief that introductory courses in American Government are critically important for our students—as well as for the long-term stability of the democratic process—Living Democracy is designed to help students draw connections between topics and to find a role for themselves in politics and government. The text's innovative approach to American government presents the dynamic nature of our country's democratic process more accurately than any other book currently on the market, while offering all of the material found in a comprehensive, traditionally organized government text within an active framework.

"This is the most important and impressive collection of original research available on California's blanket primary. Its discussion of open primaries and crossover voting raises provocative issues which loom large. The findings are impressive."—Max Neiman, author of *Defending Government: Why Big Government Works* "Cain and Gerber have assembled a stellar cast of scholars to consider the impact of the blanket primary and important electoral change in California's politics. This is a very important book for anybody who wants to understand how institutions shape political incentives."—Bernard Grofman, author of *Minority Representation and the Quest for Voting Equality* "When Californians passed Proposition 198, they also provided a national stage on which the nature of state elections in general was placed in the spotlight. Cain and Gerber's *Voting at the Political Fault Line* is an intelligent compilation of work and assessments of the rumblings that followed and the longer-term consequences that are likely to be debated over the nature of primary elections. Its no-nonsense style and reliance on sophisticated empirical analysis highlight some counterintuitive results and illustrate highly creative applications of social science methods."—Max Neiman, author of *Defending Government: Why Big Government Works*

For courses in American government A result of time-tested scholarship, *Government by the People* gives a hopeful but realistic perspective on American government and emphasizes the role people play in our constitutional democracy. Prentice Hall is extremely proud to publish the book that remains the most reliable, responsive, and respected text for use in colleges and universities in every state of the nation. For over 50 years, this is the book that has always remained one step ahead of all the others by anticipating your needs as an educator and your students' needs as learners. Now in its twenty-second edition, *Government by the People* continues this tradition. We are entering a very complex political era and there is no better text poised to take students from being simple onlookers to knowledgeable participants in the American political experience. The level of scholarship of the *Government by the People* author team, as well as the way in which they treat each new edition as a fresh challenge, is clearly represented in this new edition.

Presents relevant standards-based content that targets student interest to stimulate and encourage learning. Includes case studies, thought-provoking questions, and simulations, and develops 21st century skills in students so that they can apply what they learn and participate as effective and responsible citizens.

In searching for a Mother's Day present that will be just right for his mother, Alaric Chicken demonstrates that he is just as cautious and particular as she is.

**KEY BENEFIT:** This comprehensive, classic book takes readers from on-lookers to participants. *Government by the People* lets them see democracy as the participatory government that it is. Covers 2000 Presidential Election, constitutional democracy, political culture and ideology, campaigns and elections, the Presidency, the judiciary, and much more. Explains how Congress and the President work together. For anyone interested in American Government.

This book uses eleven recent California initiatives and referendums to provide readers with a set of analytical tools and examples that will help them better understand real politics. It clarifies the public consequences, and studies the great variations of what happens to initiatives that win on Election Day and withstand judicial review. Research is presented in an effective and efficient manner, along with key factors that lead policy actors to implement and enforce initiatives and referendums fully, partially, and not at all—a social phenomenon that affects our lives in fundamental ways. A

wide range of policy areas cover tobacco tax, transportation, legislative spending provision, term limits provision, open primaries, and bilingual education. This book also includes varied conclusions about how to reform the initiative process to improve direct democracy. For citizens who want to understand and/or increase their role in government.

For undergraduate courses at colleges and universities in California for American and California Government Courses. *Approaching Democracy* is the American Government book with a clear and compelling central theme, designed to elevate student interest. Now in a California Edition! More than most states, California embodies the essence of American democratic and federal systems. The unique relationship between the federal government and California demonstrates how pervasive the idea of democracy has been as a founding principle of American politics. *Approaching Democracy* now includes 7 chapters on California politics and government. *Approaching Democracy* addresses the evolving nature of the American experiment in democratic government. It teaches students the theory and the basics of American political science, the political history of this nation, and provides the critical thinking skills needed to analyze these evolving relationships. This new Teaching and Learning Classroom (TLC) California edition introduces features that incorporate more student empowerment tools to reinforce how American Government is relevant to students' lives today. American Political science course in both large and small public and private universities, set out to write a book that offers a clear theme -- one that is even more relevant now than it was when it was first presented -- in a highly readable, easy-to-understand format. Both authors enjoy teaching and are actively engaged in new methods of engaging students and empowering them to participate in political discourse

American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. The images in this textbook are grayscale.

This built-in differentiation allows teachers to pick and choose among the resources that meet the needs of all students!

"Updated to include the results of the 1996 elections that saw the Republicans retain control of both houses of Congress, this text examines the role of state and local politics in our federal system vis a vis the national government. Continuation of the Republican agenda to give more authority to the states will further the expanded policy-making endeavors of governors and state legislatures. *State and Local Politics: Government by the People, Ninth Edition*, is a timely look at how state governments operate in this dynamic environment." "Who influences local governments? What are the effects of party politics? And what role do the people play in decision making by state legislatures, governors, and bureaucrats? These are questions raised by the authors. A look at the prerogatives and perquisites of legislators and governors, how they perform their duties, and how they work with other state and local elected officials are included. A chapter is devoted to the role of the courts and to the judicial reform movement. The relationship between local governments, the power of mayors, and how decisions are made in counties, towns, and suburbs are covered extensively." "Closing with a discussion of who works for and who pays for government, this critical analysis of the dynamics of state and local politics will shed light on the debate over who runs American government at every level."—BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Everything about this dynamic book—from its engaging writing and examples, to its bold graphics and photos, to its innovative learning pedagogy and interactive assessment—is designed to get students to participate: in their learning, in the classroom, and in all aspects of American politics. American Government instructors overwhelmingly cite student apathy as the single biggest problem in their course; students are simply not engaged in the material and do not believe that the government can affect and enrich their lives. Lead author Dan Shea, founder of the Center for Political Participation, along with co-authors Joanne Connor Green and Christopher E. Smith teamed up to write an American Government text that helps students experience the impact of government in their daily lives and inspires them to work to affect that government in return. Written with the belief that the American Government course is critically important for our students—as well as for the long-term

stability of the democratic process—Living Democracy helps students draw connections between course topics and current events and find a role for themselves in politics and government. The text's innovative approach to American government presents the dynamic nature of our country's democratic process more accurately than any other book currently on the market, while offering all of the material found in a comprehensive, traditionally organized government text within an active framework. The California Brief Edition includes the exact same coverage as the California version but in a more streamlined format. Now in its second edition, this attention-getting text is building on its message of participation: improvements to its innovative pedagogical system with even more assessment opportunities help students participate more fully in their own learning process, while new Student Profiles of politically active young people from around the world continue to promote students' political participation. New coverage highlights the events surrounding the 2008 Election including the massive growth in voter participation.

For courses in American Government. With a focus on conflict and the struggle for power and a powerful supplements package, this textbook ignites students' interest in American politics. This balanced and exceedingly readable text uses Harold Laswell's classic definition of politics—Who gets what, when, and how—as a framework for presenting a clear, concise, and stimulating introduction to the American political system. Updated with discussions of recent events in our country, well-known political scientist Tom Dye has written a lively and absorbing narrative examining the struggle for power: the participants, the stakes, the processes, and the institutions. An abundance of feature boxes explore timely issues and opinions, draw cross-cultural comparisons, promote critical thinking, and introduce important people. National Edition, 7e: A(c)2007, 740 pages, cloth, 0-13-613220-0 Brief National Edition, 2e: A(c)2007, 600 pages, paper, 0-13-240817-1 Texas Edition, 7e: A(c)2007, 1024 pages, cloth, 0-13-239528-2 Texas Brief Edition, 2e: A(c)2007, 824 pages, paper, 0-13-157760-3 California Edition, 7e: A(c)2007, 1024 pages, cloth, 0-13-232084-3 California Brief Edition, 2e: A(c)2007, 840 pages, paper, 0-13-613195-6 Basic Edition, 7e: A(c)2007, 624 pages, paper, 0-13-613226-X

The American Era makes a provocative argument about America's world role. It sets out the case for a grand strategy that recognizes American preponderance as necessary and desirable for coping with the perils of the post-9/11 world. The book argues firstly that, Militant Islamic terrorism and weapons of mass destruction pose a threat which requires us to alter the way we think about the pre-emptive and preventive use of force. Secondly, the UN and other international bodies are incapable of acting on these urgent problems. Thirdly, in an international system with no true central authority other countries will inevitably look for leadership to the US. The book argues that if America does not respond actively to terrorist threats, no one else will take the initiative.

Best selling American Government book for the Introduction to American Government Politics course.

The size of government is arguably the most controversial discussion in United States politics, and this issue won't fade from prominence any time soon. There must surely be a tipping point beyond which more government taxing and spending harms the economy, but where is that point? In this accessible book, best-selling authors Jeff Madrick, Jon Bakija, Lane Kenworthy, and Peter Lindert try to answer whether our government can grow any larger and examine how we can optimize growth and fair distribution.

Discusses the make-up and function of the U.S. system of government. Its primary focus is on the modern political system in the United States. This focus centers on how the federal and state governments are constructed and the comparative political ideologies that influence how those governments operate—Provided by publisher.

The most authoritative text for American Government, Government By the People is always one step ahead. Building on a long tradition of clear and accessible writing, sound scholarship, and currency, it has become the most reliable, responsive, and respected text for today's American government course. Its distinguished author team addresses your needs and the needs of your students in every edition—with the most innovative response to teaching trends, as well as trends in the discipline. With this text's essential foundation, students will be set to respond—as involved American citizens—to the political issues facing their country, and their world, in the twenty-first century.

The Basics of American Government is a collaborative effort among eight current and one former faculty members in the Departments of Political Science and Criminal Justice at University of North Georgia. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. Furthermore, the work combines the best aspects of both a traditional textbook and a reader in that most chapters offer a piece of original scholarship as a case study to bolster or reinforce the material presented in the chapter. In addition, many chapters present a civic engagement-type exercise and discussion questions intended to challenge, engage, and foster student participation in the political system. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 375-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics.

WHY POLITICS MATTERS: AN INTRODUCTION TO POLITICAL SCIENCE is a full-color, accessible introduction to Political Science. WHY POLITICS MATTERS follows a foundational approach to learning and gives students a big picture of the field, examining Theory, Comparative Politics, including a look at the U.S. government, and International Relations. The authors approach the subject through a theme of theory and practice and emphasize why politics matters to the reader through current, global examples, encouraging critical thinking, discussion, and participation throughout the text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Includes chapter outlines, study notes, a glossary, and practice tests designed to reinforce information in the text and help students develop a greater understanding of American government and politics.

From unsubstantiated 2020 election fraud claims and the storming of the US Capitol to the rampage of COVID-19 and racial injustice, this book covers the foundations, institutions, and processes of "the great American experiment" with a clear and resonant theme: Democracy cannot be taken for granted, whether at home or internationally, and eternal vigilance (along with civic intelligence) is required to protect it. Approaching Democracy provides students with a framework to analyze the structure, process, and action of US government, institutions, and social movements. It also invites comparison with other countries. This globalizing perspective gives students an understanding of issues of governance and challenges to democracy here and elsewhere. At a moment of growing domestic terrorism, political hyper-partisanship, populism, identity politics, and governmental dysfunction,

there is no better time to bring Approaching Democracy—a textbook based on Vaclav Havel's powerful metaphor of democracy as an ideal and the American experiment as the closest approach to it—to a new generation of political science undergraduate students. NEW TO THE NINTH EDITION Two new authors, Nadia E. Brown and Sarah Allen Gershon, who bring refreshing intellectual and diverse perspectives to the text. Includes the tumultuous political context surrounding the Trump presidency, the 2020 elections, the 116th Congress, the Supreme Court, the COVID-19 crisis, and the fight for social and racial justice. Figures and tables reflect the latest available data and surveys. Two new features—Diversity and Democracy, highlighting the experiences of America's diverse social groups and the role of identity politics—and Discussion Questions at the end of each chapter, assessing critical thinking skills. Critical contemporary events are explored throughout the book, including the attempted coup following the 2020 elections, the Trump administration's handling of the COVID-19 pandemic, Black Lives Matter, protests in American cities that come to the epicenter of America's approach to democracy, the changes in the Supreme Court and the federal court system, the growth of LGBTQ+ legal rights, and the alteration in American Federalism. New and updated data on public attitudes toward police brutality, DACA, voter suppression, healthcare, and the global climate movement are also covered.

For BRIEF undergraduate courses in American Government that want California Politics coverage IN the core American Government text. Condensed treatment of Civil Liberties and Civil Rights, and Civic Engagement, Interest Groups and Social Movements. Coverage of Public and Economic Policy omitted. This version provides additional value to students as it is available in a loose-leaf, three-hole punched (paperback) version. This is the book that gets students to participate. Living Democracy gets students to participate in learning, in the classroom, and in change. The book's young and energetic author team cares deeply about student learning and student engagement. Lead author Dan Shea founded the Center for Political Participation and his experiences working with students in the classroom and in the center inspired him to team up with co-authors Joanne Connor Green (Texas Christian University) and Christopher E. In a recent survey of American Government courses, 80% of instructors named student apathy about the course material, about politics, about the prospect that government can do anything to enrich their lives as the number one problem in their course. Written with the belief that introductory courses in American Government are critically important for our students—as well as for the long-term stability of the democratic process—Living Democracy is designed to help students draw connections between topics and to find a role for themselves in politics and government. The text's innovative approach to American government presents the dynamic nature of our country's democratic process more accurately than any other book currently on the market, while offering all of the material found in a comprehensive, traditionally organized government text within an active framework.

Rev. ed. of: Living democracy / Daniel M. Shea, Joanne Conner Green, Christopher E. Smith. Basic ed. c2007.

"Published by OpenStax College, American Government is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project."—BC Campus website.

For courses in American Government. With a focus on conflict and the struggle for power and a powerful supplements package, this textbook ignites students' interest in American politics. This balanced and exceedingly readable text uses Harold Laswell's classic definition of politics—Who gets what, when, and how—as a framework for presenting a clear, concise, and stimulating introduction to the American political system. Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.
