Too is an adverb that can mean "excessively" or "also." Just to be clear: two is pronounced the same as to and too, but it can't be used instead of either of them be-

cause it's a number. In the hierarchy of things that drive grammar sticklers mad, to and too are near the top. It's very common to see them confused, abused, and misused, and not just in YouTube comments or on Reddit.

Sebastien Braun is the creator of the novelty board books Peekaboo Baby and Who's Hiding? and the illustrator of the Can You Say It, Too? series. He studied fine arts at the University of Strasbourg, France, and now lives in England.
