Spectrum(R) Writing for grade 5 guides students through each step of the writing process as they write paragraphs, personal narratives, fiction stories, comparisons, visual aids, how-to instructions, research reports, persuasive articles, and more. Spectrum(R) Writing workbooks guide students as they write for a variety of purposes, including writing to tell a story, writing to provide information, and writing to state an opinion. Lessons support current state standards. Step-by-step instructions help with planning, drafting, revising, proofreading, and sharing writing. A Writer's Handbook reinforces grammar and language skills, and a complete Answer Key is included. Engaging, open-ended writing projects combined with standards-based learning make these workbooks an essential resource for school success. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

Spectrum Test Prep Grade 2 includes strategy-based activities for language arts and math, test tips to help answer questions, and critical thinking and reasoning. The Spectrum Test Prep series for grades 1 to 8 was developed by experts in education and was created to help students improve and strengthen their test-taking skills. The activities in each book not only feature essential practice in reading, math, and language arts test areas, but also prepare students to take standardized tests. Students learn how to follow directions, understand different test formats, use effective strategies to avoid common mistakes, and budget their time wisely. Step-by-step solutions in the answer key are included. These comprehensive workbooks are an excellent resource for developing skills for assessment success. Spectrum, the best-selling workbook series, is proud to provide quality educational materials that support your students' learning achievement and success.

All of our content is aligned to your State Standards and are written to Bloom's Taxonomy. Our program is designed to make the writing process logical and easy to learn. We offer clear and concise instruction in the drafting and revision phases to assist your students in creating outstanding book reports. We also take the fear out of writing essays while giving your students the tools to comprehensively express their point of view. The learning objectives are based on Bloom's Taxonomy and you can use this material to supplement your present writing program or for independent student work. Also included is a detailed implementation guide, student assessment rubric, word puzzles, comprehension quiz, and test prep. The color graphic organizers will assist the introduction of the skill focus and in guiding your students through their successful writing process.

The Force is strong with this series! Introducing a line of workbooks that marries the iconic populari-

ty of Star Wars with the unique mix of editorial quality, fun presentation, and rigorous educational standards that Workman applied to the BRAIN QUEST Workbooks. Twelve titles launch the series—three each for Pre-K through 2nd Grade—and dig deep into core subjects, including numbers, ABCs, phonics, and reading readiness for younger grades, and math, reading, and writing for the older ones. The material, which aligns with national Common Core State Standards, is designed to reinforce essential concepts and lessons taught in schools. Any child, not just fans of Star Wars—but yes, those fans will be especially delighted (as will reluctant learners)—will love the *Ò* is for Anakin approach to phonics. Kids will practice learning numbers by counting and circling X-wing starfighters and clone troopers. Master place values by sorting groups of Wookiees. There are math problems—Yoda is holding 7 lightsabers. 5 of the lightsabers are blue. The rest are green. How many green lightsabers is he holding? And Language Arts—Circle the correct homophone in this sentence: Luke is a Jedi knight/night. Featuring favorite characters like Luke Skywalker, Queen Amidala, Yoda, and Obi-Wan Kenobi, and other creatures, monsters, Jedi, and Sith, the workbooks are filled with thousands of original illustrations drawing from all six Star Wars movies and the expanded Star Wars universe. Learn well, you will.

Effective Academic Writing teaches the complete academic writing process from sentence level to researched essay.

A series that prepares students for paragraph and composition writing, while making the process enjoyable. Writing from Within, Level 1 focuses on paragraph writing. The book contains twelve units, each one centering around a final writing assignment. As students prepare for their assignment, they brainstorm ideas for writing and analyze sample paragraphs for both language and organization. While most units involve students writing one or two well-organized paragraphs for the final assignment, also included are units that have students prepare less formal types of writing, such as composing an email, writing a thank-you note, writing a simple movie review, and writing an invitation.

My Favorite Pets is the first book in the "My Favorite Things: Paragraph Writing Series) The recommended ages for this book are 6 - 9. What's exciting about this book is that it highlights everyday animals that children often have an interest in. The book also has an animated course that can be found on [kidyouiversity.com](http://kidyouiversity.com). Does your child hate writing? Plot twist! sharpen lots of pencils and get ready to hear "Wow! Writing is so easy!" My Favorite Things not only explains the basics, but it also teaches children to write by combining things many children love- art, their favorite things, and clarity. We both know that your child has an amazing imagination. A good learning experience will motivate your child to want to put those amazing thoughts on paper. \* This book is for children who may not enjoy writing or may have difficulty with writing long sentences or writing multiple sentences to explain one idea. \* It's great for students who are very talkative but may not quite know how to organize their ideas on paper. \* In South Korea and Japan, kids as young as 5 have used this book, and the animated course that comes with it, and learned to write on 2nd and 3rd-grade levels. \* 9 and 10 years old have also taken this course to relearn writing basics and to build confidence and an interest in writing. What exactly do students learn? \* How do I organize a sentence? \* What is a paragraph? \* Why should I write? \* What are my favorite things? \* How can learning to write help me now? (Wow! Can I really write my own book?) \* Why should I learn to write a paragraph? \* Can I learn and play at the same time? Wow!!! I can!
