## SHANNON CARPENTER

1996: 26). Realism is an approach to international relations that has emerged gradually through the work of a series of analysts who have situated themselves within, and thus delimited, a distinctive but still diverse style or tradition of analysis. 3 6 11 See Cusack and Stoll (1990:ch.2) for a review that emphasizes this diversity. More criti-

Realism is the most dominant school of thought in International relations after World War II and until now it has relevance in the present international scenario. Realism has gained its popularity from late The 1930s and early 1940s when idealist approach has failed to analyze the real politics throughout the world.

### The Practice of Realism in International Relations Idealism: Idealism in International Relations

Realism in International Relations can be considered as the discipline's oldest theory, having its first advocate in Thucydides, who presented the idea that power trumps justice and morality in The Peloponnesian War. Among many others, Machiavelli and Hobbes, first, E.H. Carr and H. Morgenthau, then, offered to their readers provocative and eternal questions that still challenge our times (Boucher 1998, 47-170; Molloy 2006).

During the twentieth century, political realism and political idealism vied as conceptual rivals for understanding international relations, for analyzing the decision-making of inter-state actors, for qualifying what policies should or should not see the light of day, and for justifying or criticizing the kinds of policies that went forward from each other's camp.

Neorealism is the new theory to understand international relations and marks a significant departure from classical realism. While the latter states that international relations are based on human ...
